

Scalefour Society
P4 Modelling Workbench
26th March 2011

Interested in P4?
Not sure how to get started?
Want to find out what is involved?

Then you need a Scalefour Society Workbench

The Scalefour Society is pleased to announce a practical workshop, aimed at those who are interested in modelling to finescale 4mm standards, or who are new to P4 modelling and want to find out more first.

The workshop will give an introduction to:

- Soldering skills and materials
- Fitting suspension to a model wagon
- Converting a ready-to-run locomotive using drop-in P4 wheelsets
- Thoughts on methods of track construction

The workbench will be run by experienced P4 modellers and will give hands-on experience in all of these areas. Attendees will need to bring with them a small selection of tools and details will be provided in advance of the Workbench.

Date: Saturday 26th March 2011
Venue: Manchester MRS Clubroom, Dean Hall
Mersey Road, Manchester
Time: 10.00am to 4.30pm
Cost: £30 per person

Tea and coffee will be provided throughout the day. Attendees will need to make their own arrangements for lunch.
